

**Celebration in honour of Dadi Janki's 94th Birthday in London**  
**Global Cooperation House**  
**London**  
**10.01.2010**

**REPORT**

Every inch of the Auditorium in GCH was taken with Braham Kumars and Brahma Kumaris convening from around the world as well as the UK to celebrate and honour the 94th Birthday of our dearest Dadi Janki.

A powerful class from Dadi reminding us all to draw love, support, company and cooperation only from the One up above, Dadi received a surprise birthday party! A beautiful slide show honouring the depth of Dadi's service as well as demonstrating how Dadi is such a great entertainer and adventurer. Dadi then gave powerful drishti to everyone present before the children's group sang for her: 'There is no-one quite like me and there is no-one quite like you'.

Brother Tony Khan and Sister Margaret Barron presented a beautiful ceremony honouring Dadi's specialities, which have enabled service to blossom and grow in 130 countries. Each of the world's regions were called out and acknowledged different specialities of Dadi, with a representative taking drishti and offering a lotus petal to Dadi. The complete lotus flower was created in front of Dadi. The representatives also presented flags of the different countries where service happens which were placed above a cut out globe, behind Dadi.

Some of the specialties acknowledged were:

Dadi:

as Master Gaumukh; as Unifier; as master mechanic; as antennae; as economist, as insurance agent, as courageous and fearless, as Companion of God, as Bapsaman, as bodiless, as janijanahar, as graceful and royal, as quietly objective, as unshakeable and incorruptible, as conqueror of matter, as dedicated world mother, as humble server, as the one with a big heart, as master of cleanliness; as resolver of conflicts, as one who embraces all religions, as a rocket on the pilgrimage of remembrance, as Empress of coolness ...and many more.

Sister Jaymini shared Dadi's vision of holding the globe in her hands, the Mother of the whole world who has made Baba's title of World Benefactor come true, bringing light to the world.

Murli Dada shared how Dadi has guided him all along and how Dadi is a friend to everyone.

Sister Jayanti shared how Dadi is the One who has no-one but Baba in her heart and makes sure the whole world comes under His flag. Dadi is the great dancer, dancing in her heart constantly and inspiring others to also do so. Whatever she does, she does with total love and nothing is ever too small.

Little Hansaben noted how hearing of all Dadi's specialities around the Globe she realizes 'how the luckiest person is me - as Dadi has made me something from nothing'. Hansaben also thanked all her service companions who accepted her to play this role of Dadi's companion around the world.

Brother Jim Ryan, Sister Meera of Malaysia, Sister Manda all shared their fond experiences with Dadi and heartfelt thanks.

Sister Maureen showed everyone a beautiful birthday card, made in Madhuban; then read out a poem written for Dadi's birthday, by Sister Suman of GRC.

Rod Hackney also shared an experience of being with Dadi at the House of Lords at one time: 'When questioned by a politician about 'these people in white' and meditation, I responded, 'When one reflects, says less and does more!' Also when asked 'Who is the short one' I responded, 'The boss!'

Dadi then spoke how her only desire is that all the praise and specialities spoken about would now be reflected in each one of Baba's children.

With this beautiful scene of the globe behind Dadi and the Lotus flower in front - Dadi was joined by various senior brothers and sisters to joyfully cut the cake and share love.
