ITALY'S CASA SANGAM 'SPAZIO LUCE' INAUGURATION WITH SISTER BK JAYANTI

We had the fortune to have Sister BK Jayanti to officially inaugurate the annex of Casa Sangam Retreat Centre, Gubbio(Italy) called 'SPAZIO LUCE' or SPACE OF LIGHT,with those petals falling from Baba's flag as it unfurled. Sunlight shone through the the large windows of more than 100 capacity conference hall, a Baba's Room and a meeting room, out of which could be seen beautiful individual scenes of the green Umbrian countryside, as if they were large paintings by "master" artists.

It was an opportunity for the Italian BK family from all over Italy to be together; including new students who have been listening to the murli on line. There were 60 souls altogether who took benefit from the week-end event. The co-operation of the Italian family to prepare for the event and take part, made it a wonderful experience and very successful.

There were over 70 people for the inauguration day, some of which were local workers who had worked on the SPAZIO LUCE. This was something new as Gubbio is well known for having a closed mentality to new things. There was music, song, and dance as well as very powerful meditation. The atmosphere itself was very light, in keeping with SPAZIO LUCE. The presence and words of Sister Jayanti, and the beauty of SPAZIO LUCE definitely left an impact on everyone who took part.
