BK Lakshi Behnji , the head of the Brahma kumari Ishwariya Vishwa Vidyalaya, Mysore, who took part in the program on ‘**Agriculture seminar**’, said the farmers are happy with the backbone of the country and the life of the farmers, regardless of all these, they will see God in labor. Farmers' suicides have been increasing in recent years. **This is because of lack of support for the crop; farmers should have their minds inner and external solidarity.** Humans have to develop patience, courage, and morale, so that they can achieve something.
